

13 May 2020

**COVID-19 Level 2 Response**

Following the Prime Minister's announcement on Monday to move to Level 2 from Thursday 14 May, effective from 7am on Thursday 14 May.

Workplace Safety Solutions will be open and safely operating under Level 2 conditions. Staff are familiar with the upcoming Level 2 conditions.

Thank you for your patience and support during the COVID 19 Lockdown.

I would like to give you the continued assurance that for our staff entering your work site, will comply with all Level 2 considerations you have.

**WSS Covid-19 Level 2 Plan for our site 09 Monokia Street:**

Will continue to focus on hygiene (incl. regular site cleaning and hand sanitation), physical distancing and contact tracing ability (upon entering our site everybody will be required to register their contact details through a manual register)

A staff member will be available to assist any persons with this process.

Thank you for your continued support as we collectively look to rebuild NZ's infrastructure and economy.

Kind regards

Beau Maru
